LIQUID MARKING DYE

Active Constituent: Direct Red 254

**FOR USE WITH PESTICIDES
AND MARKING FOAM**

COMPATIBLE WITH MOST HERBICIDES

BIODEGRADABLE

SST New Zealand LTD

5 LITRE

119 Carbine Rd, Mt Wellington,
Auckland, New Zealand.
Phone: +64 9 259 3760

DIRECTIONS FOR USE:

SPRAY MARKING: Suitable for use with pesticide spray solutions to enable clear identification of sprayed areas.

FOAM MARKERS: Suitable for use with white foam marking solutions where a contrasting colour (pink) is required.

RATE OF APPLICATION:

RATE	VOLUME	CRITICAL COMMENTS
10 - 15 ml	per 10 Litres of spray solution.	Typically use the lower rate indicated. The higher rate may be required to mark deep green surfaces.
100 - 150 ml	per 100 Litres of spray solution.	
40 - 80 ml	per 100 Litres of diluted foam marking solution.	Converts white foam to pale or deep pink for clearer identification on pale surfaces.

NOT TO BE USED FOR ANY PURPOSE OTHER THAN INDICATED ON THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

GENERAL INSTRUCTIONS

A red liquid marking dye to assist in clearer identification of sprayed areas. A simple and cost effective system in all spraying situations to reduce costly problems resulting from overapplication or missed areas untreated. When used as a colouring agent with white foam markers, foam will become red in colour to allow clearer identification.

EnviroDye Red is generally compatible with most common herbicides including phenoxy and glyphosates.

MIXING INSTRUCTIONS

To achieve thorough mixing premix EnviroDye Red with water in ratio 1:10 before addition to spraytank or knapsack. Add premix solution to spraytank first and follow with water to half fill tank. Add other ingredients under agitation followed by water to top up tank. Wash out all spraying equipment thoroughly after use as product residue can cause discolouration of subsequent sprays.

PROTECTION OF WILDLIFE, FISH, CRUSTACEA AND ENVIRONMENT

DO NOT contaminate streams, rivers or waterways with the chemical or used container.

STORAGE AND DISPOSAL

Keep out of reach of children.

Store in closed, original container in a well ventilated area, as cool as possible. Triple or, preferably pressure rinse containers before disposal. Add rinsings to spray tank or knapsack mix. Do not dispose of undiluted chemicals on-site.

Break, crush, puncture and bury empty containers in a local authority landfill. If not available bury the containers below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, vegetation and roots. Empty containers and product should not be burnt.

SAFETY DIRECTIONS

Do not swallow. Avoid contact with skin or eyes. Wear rubber gloves, overalls and goggles or face shield.

Wash hands with soap and water after use.

FIRST AID

If poisoning occurs give plenty of water to drink and contact a Doctor or Poisons Information Centre (TEL 13 11 26). If skin contact occurs remove contaminated clothing and wash skin thoroughly. If in eyes, hold eyes open and flood with water for at least 15 minutes and see a doctor.

MATERIAL SAFETY DATA SHEET

Additional information is listed in the Material Safety Data Sheet.

CONDITIONS OF SALE

The use of EnviroDye Red being beyond the control of the manufacturer, no warranty expressed or implied is given by SST Australia Pty Ltd regarding its suitability, fitness or efficiency for any purpose for which it is used by the buyer, whether in accordance with the directions or not and SST Australia Pty Ltd accepts no responsibility for any consequences whatsoever resulting from the use of this product.
