# MARK-IT

Active Constituent: 150 g/L RHODAMINE B

**Liquid marking Dye and Foam Marker  
Colouring Agent**

CONTENTS:

5 LITRE

20 LITRE

110 LITRE

200 LITRE

## DIRECTIONS FOR USE:

**SPRAY MARKING:** Suitable for use with both liquid and powder products and can be used to help identify sprayed areas.

**FOAM MARKERS:** Where a coloured foam is required for foam markers, add at the recommended rate to the dilute foam mixture.

RATE	VOLUME	CRITICAL COMMENTS
5-10 ml	per 10 Litres of spray solution.	Use higher rate if more intense colour marking is required.
50-100 ml	per 100 Litres of spray solution.	
20 - 30 ml	per 10 L of foam marker diluted solution.	Will convert white foam to pink for easier identification in specific situations.

NOT TO BE USED FOR ANY PURPOSE OTHER THAN INDICATED ON THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

### GENERAL INSTRUCTIONS

The concentrate and spray solution of Mark-It is dye fast on contact with most materials. Do not allow spray drift to come into contact with the paint work of motor vehicles. Mark-It is suitable for use with both liquid and powder formulations and can be used to visually mark sprayed areas.

Suggested uses include:

- Marking trial plots and strips.
- Marking to help prevent farmers/contractors over-spraying.
- Line marking of ovals and courts.

When used as a foam marker colouring agent, white foam will become pink in colour to assist identification.

### MIXING

Premix Mark-It with water and add to the spray tank first. Agitate or mix thoroughly in the tank before adding any other product.

**Important:** When using with amine based products such as Amicide 625 and MCPA 500, ensure that the Mark-It is thoroughly mixed with the water before adding the herbicide.

Wash out spray equipment thoroughly after use. If product residue is left in equipment colouration of subsequent sprays can be expected.

### PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

DO NOT contaminate streams, rivers or waterways with the chemical or used containers.

### STORAGE AND DISPOSAL

Keep out of reach of children. Store in the closed, original container in a cool, well-ventilated area. Do not store for prolonged periods in direct sunlight. Triple or preferably pressure rinse containers before disposal. Add rinsing's to spray tank. Do not dispose of undiluted chemicals on-site. If recycling, replace cap and return clean containers to *recycler* or designated collection point. If not recycling, break, crush, or

puncture and deliver empty packaging for appropriate disposal to an approved waste management facility. If an approved waste management facility is not available bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots, in compliance with relevant Local, State or Territory government regulations. DO NOT burn empty containers or product.

### SAFETY DIRECTIONS

Do not swallow. Avoid contact with eyes and skin.

Do not inhale spray mist.

If product on skin immediately wash area with soap and water.

### FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 13 11 26.
